

Network, learn and grow with other like-minded business owners

- **Build strong business alliances** and new client relationships with members and community
- **Gain internet and community exposure** through on-line directories, newsletter/magazine articles and personal profiles (one or all available, depending on organization)
- Take advantage of opportunities to present 'business spotlights' or 'education segments' to members (available in some meeting settings, not all)

The details below are subject to change without notice. We've provided this info, to be of assistance to business owners and entrepreneurs and the organizations we support.
